Dean's Message

Each class that graduates from this School has its own uniqueness, but this one certainly has a significant claim to fame. The successful completion of a new curriculum must at least allow that. New courses, questions of relevance, cadaver dissection, the angle of repose, two month courses, lectures in medicine, externship without pay, hospital floor experience—these and many other things caused comment, both favorable and unfavorable. But these things are behind you now and the success of the educational program will only be measured by your actions as a practitioner of pharmacy. The changes in health care that have been predicted can only come about by your efforts. The School has done its job and you now, through continued pressure on the "system" must work to assure that pharmacy takes its rightful place in the delivery of health care to society.

The Class History

SENIOR CLASS OFFICERS—Secretary, Linda Craig; Vice President, Chuck Kelly; Treasurer, John Novak; President, Ed Poklis.

Dear Diary,

The year started off with a bang when the Fall bake sale took in over $85 for our Resinol trip (of course, we donated some of that to the Daughters of Temperance). Heading the fund raising drive was Larry L., who did a terrific job of organizing everything (although a few of us were afraid he might eat up the profits!).

Then Ping Pong season was upon us. While the team had a fairly undistinquished season at the table, rumor has it that the Junior Varsity and Varsity Cheerleaders sure got into the spirit (pour a little more spirit over here, Captain . . . hardeharhar).

December was marked by Tyler R. taking second prize in the Oswego County Oratory Contest. I'm sure no one who heard his stirring speech on "Peaceful Coexistence: Shigella's Triumph—Man's Shame" will ever forget it!

January was marred by Steve B. O.D.ing on croton oil after Debbie C. said she wouldn't pay 2¢ for Giant's sneakers . . . esecially since she can get them discounted at Korvette's. However, Dean K. arranged for his lessons to be sent to the hospital and Steve was able to keep up until his recovery.

May found us chugging our way to Resinol where we saw a crimping machine and were photographed in front of an ointment display. We spent the rest of the time looking for John V., Don W., and Ray M., who got locked in the bathroom.

The Senior Prom decorating committee, headed by Linda C. and Brenda B., transformed the gym into a magic wonderland, stringing crepe paper from the basketball hoops, putting dry ice in the punch and renting an actual fountain. All the gals looked keen in their strapless evening gowns—set off with an attractive wrist corsage. Music was provided by Mund's Maniac Maestros, and Ed P. reigned as King of the Prom. Later, Dave S. spiked the punch and we got really loaded. Bombed out of our minds! ABSOLUTELY STINKO! Everybody had a swell time.

Well, Diary, I have to go now because there's so much to do, what with finals, graduation and all. I'd like to close by reassuring our parents, who scrimped and sacrificed so we might have a decent education, that we won't let them down. Some of us have already begun shouldering our responsibilities. Geoff B. has accepted a position as an automobile body repairman and Chuck K. starts next month as a credit manager trainee for a whole chain of dry cleaning stores. A few guys are even going on to medical school.

That's all for now!
Yours 'til the kitchen sinks,
The Class of 1972

President's Message

You, the class of 1972, having successfully completed a rigorous course in pharmacy in an era when many great alterations and modifications in the health-care delivery system are being generated by both external and internal forces. Considering all the turbulences that are occurring, it would seem impossible for anyone to accurately predict the pharmacist's role in the pattern that will eventually develop.

Clinical pharmacy, Health Maintenance Organizations, third party payments, drug product selection by the pharmacist, meaningful patient record systems, drug interactions, and drug abuse education are rapidly appearing and represent many opportunities and challenges in the practice of today's pharmacy. With your educational background and training, you, the modern pharmacists can make great contributions to the overall effort.

Truly, today's graduate is faced not only with many opportunities, but also with many responsibilities in the discharge of his services in the best interest of public health. In the fulfillment of these duties, the pharmacist must have a united voice through national and local pharmaceutical associations. I earnestly urge you to take an active role and participate in the affairs of your organizations.

The officers and members of your Alumni Association extend their congratulations and best wishes to the class of 1972 and welcome you to your first year of membership in the Alumni Association.

The academic year 1971-1972 was an active and productive year for Student Committee on Drug Abuse Education. The committee presented over 90 programs reaching more than 6,000 individuals. The types of programs ranged from adult groups to elementary school age children with the bulk of the programs falling in the junior and senior high school levels. An experimental week-long program was tried at a local high school over the January "mini-semester" and was met with much success. Committee members also talked to medical students as part of the alcoholism and addiction program at the School of Medicine. SCODAE'S newsletter, the *Pharm-Alert*, was published regularly every two months carrying news of drug abuse to the Maryland pharmaceutical community. Of particular interest this year were the many articles on the pharmacy school's Anonymous Drug Analysis Laboratory. Procedures for internal committee member evaluations were developed and implemented during the spring semester. It is hoped that this will insure that only qualified speakers will present programs for SCODAE.

OFFICERS 1971-72: Chairman—Tony Tommasello; Program Director—John McGrath, Claude Nogay; *Pharm-Alert* Editor—Arnold Clayman; Secretary—George Grimes.

William G. Sykes, Director, Model Cities Agency: "Delivery of Health Care Service in the Inner City."

"When you wish upon a star, your dreams come true."

Gordon Ireland, "swearing" in as SGA President.

The dissenter is every human being at those
moments of his life when he resigns momentarily
from the herd and thinks for himself.

—Archibald McLeish

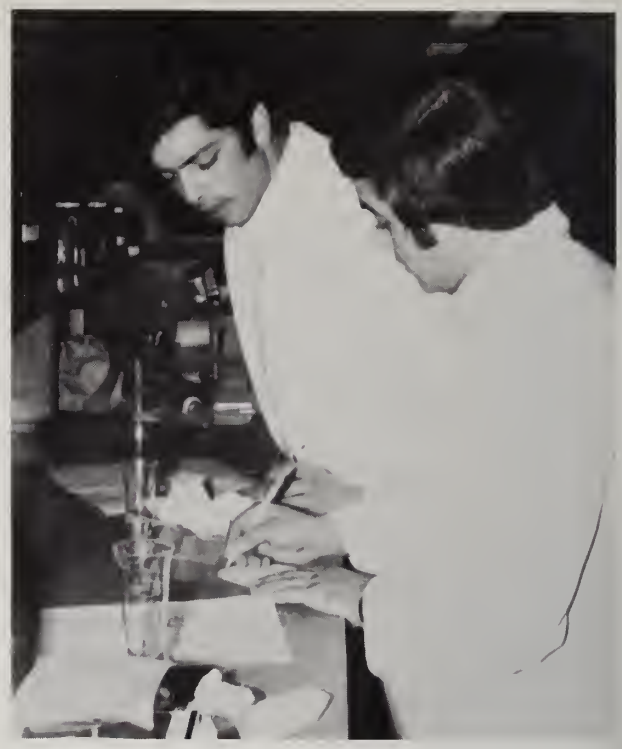
Is it so small a thing
To have enjoyed the sun.
To have lived light in the spring
To have loved
To have thought
To have done.

—Matthew Arnold

Be not merely good;
be good for something.

—Henry Thoreau

"Oy vey, I forgot the dioctyl sodium sulfo-succinate."



"Now I figure if we leave out the petrolatum, the iodine and the zinc we shouldn't have any problems at all."

All this rushes by once more,
gone but for the memory.

Bill Pannill.

...he's a pharmacist.

At 46 he is also Chairman of the Board of Peoples Drug Stores, Inc., the largest Drug Chain in the East. The former Chairman of the Board, G.B. Burrus is also a Pharmacist. Every Chairman of the Board of Peoples for 67 years, since founder M.G. Gibbs, has been a Pharmacist.

And Peoples needs more Pharmacists. Not only to manage our prescription departments and stores, but to grow into executive and officer positions. Like Store Manager, Personnel Director, Vice President of Real Estate and Construction, or President.

Which is what Bill was before he became Chairman of the Board.

Lots of Luck,

Harold

Your role will be an important one. You'll be their *living link* with the fast-paced, ever-growing, always-new world of pharmaceuticals.

You'll be their man with the answers, an Upjohn representative. Physicians, pharmacists, hospital administrators . . . they will all know your company and its products. And respect them.

They'll listen to you. They'll know that when you speak, you speak with authority based on in-depth education in your field.

It's a big job. With big rewards to match right from the start.

If you'd like to know more about opportunities in pharmaceutical marketing at Upjohn, please write Director, Domestic Pharmaceutical Sales, The Upjohn Company, Kalamazoo, Michigan 49001.
